We are looking for solid commitments in all art forms as well as STEAM/STEM arts integration. Puppetry, science art/bubble-making, magical art/theater, music/instruments are just some of the requests we've had, but all creative art forms are welcome.

Please share with friends who are teaching artists and join us! MUST provide a resume and be able to obtain a clean BCI. Feel free to contact me: gcrist@thinkfeelcreate.org, and we will get back with all the details. **Link to our posting on Facebook:** [\(3\) The CORE Organization | Facebook](#)
